

TIMOTHY CHINEDU EZEANI

Civil Engineering Student | Software Developer | Graphic Designer

Awka, Anambra State, Nigeria

PROFESSIONAL SUMMARY

Versatile and results-driven final year Civil Engineering student with a strong foundation in software development and graphic design. Experienced in building full-stack mobile and web applications using modern frameworks including Next.js and Flutter. Proven ability to combine technical expertise with creative skills in marketing, video production, and presentation design. Demonstrated leadership through successful event coordination and volunteer work.

EDUCATION

Bachelor of Engineering (B.Eng.) - Civil Engineering

Nnamdi Azikiwe University, Awka, Anambra State

500 Level (Final Year) | Expected Graduation: 2026

Bachelor of Science (B.Sc.) - Computer Science

University of the People

3rd Year | In Progress

TECHNICAL SKILLS

Software Development

- Next.js - Full-stack web application development with React framework
- Flutter - Cross-platform mobile application development for iOS and Android
- React.js - Modern frontend development and component-based architecture
- Git/GitHub - Version control and collaborative development

Design & Multimedia

- Graphic Design - Visual content creation and branding
- Whiteboard Animation - Explainer video production and storytelling
- PowerPoint Presentations - Professional slide deck design and data visualization

Engineering

- Structural Analysis and Design
- Construction Project Management
- AutoCAD and Engineering Software

PROJECTS

CKCCRN Web Application

Technologies: Next.js, React, JavaScript

- Developed a full-stack web application using Next.js framework
- Implemented responsive design for optimal user experience across devices

- Deployed and maintained application on Vercel platform
- Live Site: ckccrnapp.vercel.app

CKCCRN Mobile Application

Technologies: Flutter, Dart

- Built cross-platform mobile application using Flutter framework
- Designed and implemented user interface with Material Design principles
- Managed project versioning and collaboration through GitHub
- Repository: github.com/timzydProgrammer/ckccrn_app

PROFESSIONAL EXPERIENCE

Director of Public Relations (Marketing Chair)

TEDxUNIZIK - Fireworks Event | Nnamdi Azikiwe University

April 2023

- Led marketing and public relations strategy for the inaugural TEDx event at the university
